

PHYTOBLAST™

An **EXCLUSIVE** Therapeutic Phytonutrient Enzyme Complex

WHAT ARE PHYTONUTRIENTS?

"Phyto" is the Greek word for "plant." Phytonutrients have been referred to as the plant's immune system, protecting against disease, pollution, and damage from the elements. Phytonutrients are powerful food factors, found in fruits, vegetables, herbs and other whole foods, that elicit profound effects on the maintenance of health and disease prevention.

WHY DO OUR BODY'S NEED PHYTONUTRIENTS?

Scientists are learning that phytonutrients may assist in cleansing, detoxifying, and rebuilding the human bloodstream. Phytonutrients may also help to prevent chronic, degenerative diseases, including many cancers. In addition, studies have shown that phytonutrients may help reduce cholesterol, reduce blood pressure, and relieve allergies.

VISIONQUEST'S PHYTOBLAST

PhytoBlast contains a balanced blend of *fruits, vegetables, pure antioxidants, plant minerals, and essential vitamins*. PLUS a proprietary blend of **8** plant enzymes which serve as a digestive aid, helping our bodies to break down fat, protein, carbohydrates, and soluble fibers. One spoonful provides the recommended daily value of **41** fruits and vegetables.
